Bethlehem Area Vocational Technical School RWAN Internet and DDoS Monthly Cost
July 1, 2025 - June 30, 2027 - Internet Access Charge
July 1, 2025 - June 30, 2028 - Distributed Denial of Service (Cloudflare) Protection

Annual Internet Access Charge ¹ - (E-Rate Eligible)	\$1,566.07
PTD Internet (7/1/2025 - 6/30/2026) - \$917.62	
RCN Internet (7/1/2025 - 6/30/2027) - \$648.45	
Annual Distributed Denial of Service (Cloudflare) Protection (7/1/2025 - 6/30/2028)	\$3,309.21
The 3 year do not exceed amount is \$11,266.58	
Annual Internet and DDoS Sub Total	\$4,875.28

RWAN Member acknowledges and understands that CIU20 will execute master service agreements with third party vendors to facilitate the RWAN Member's receipt of Internet and Distributed Denial of Service (DDoS) services at the prices set forth above. In order to do so, CIU20 is contractually bound to PenTeleData for a one (1) year period through June 30, 2026 for the internet access service, to RCN for a two (2) year period through June 30, 2027 for internet access service, and to Central Susquehanna Intermediate Unit (CSIU) for a three (3) year period through June 30, 2028 for Cloudflare DDoS protection. In the event that RWAN Member seeks to terminate this Service Order for the internet access service with CIU20 prior to the expiration dates of any of these items, and/or seeks to terminate this Service Order for DDoS protection with CIU20 prior to June 30, 2028, RWAN Member agrees to pay for any early termination charges that CIU20 incurs from PenTeleData, RCN, and CSIU.

The purpose of this service order is to update the internet access charge for the next two (2) years, as the current RWAN agreement that is currently in place until June 30, 2030, only has pricing for internet access service from PAIUnet until June 30, 2025. CIU20 bids out internet service every few years to make sure that consortium members receive the best rate for internet service. In addition, this service order also updates the DDoS charge for the next one (1) year. If the consortium's average utilization increases during the term of the contract, it is possible that the charge associated with DDoS above could increase proportionally with the increase of bandwidth utilization.

¹ The specific quantity of Internet bandwidth being charged to each RWAN member is based on each LEAs # of students relative to the other RWAN members. The total quantity being purchased across the RWAN is 40 Gbps. CIU20 anticipates that there will be adequate capacity to enable each RWAN member to have access to ample bandwidth to meet your needs. CIU20 does not anticipate the need to rate limit the Internet usage at this time.

J.1. UPCOMING BUDGET TRANSFERS

INFORMATION:

For many years, BAVTS has asked instructional programs to finish their purchasing for the school year in March. Once purchase requests have been processed, Administration will review remaining funds and requests that were not funded in the 2024-25 or the proposed 2025-26 budget. This allows Administration to fund equipment, technology and other needs without increasing the upcoming budget. It is anticipated that budget transfers will be recommended at the April, May and June meetings to reallocate available funds.

J. 4. HOUSE PROJECT UPDATE

INFORMATION:

Mr. Lazarchak reported that progress is being made; cabinets, flooring, etc. has been selected and is being ordered.

UNFINISHED BUSINESS

Mr. Lazarchak extended his thanks to the sending Districts for voting on the new Articles of Agreement and Memorandum of Understanding allowing us to move forward with plans for the expansion to The Factory campus.

NEW BUSINESS

Mr. Michael Galler, Supervisor of Career and Technical Education, advised the Joint Committee members of internship opportunities our students are taking advantage of at St. Luke's, Tobyhanna Army Depot and Lehigh Valley International Airport. He expects that Lehigh Valley Health Network will soon be offering internship opportunities as well.

Mr. Lazarchak informed the Joint Committee members that several members of the "Culture Club" – the team that presented on school culture in Nashville – presented at the PACTA conference in Hershey recently.

Mr. Dennis Nolen, Supervisor of Technology, informed the Joint Committee members that a refresh of laptops will be needed soon and they can expect to see an agenda item in the coming months.

Mrs. Miller reported that we still have not received information regarding this year's Supplemental Equipment Grant.

As there was no further business, on a motion by Director Patrick, seconded by Director Soldridge, the meeting was adjourned at 7:43 p.m.
